Jennifer, Eugenia & Michael:

1. Attached are two power point presentations that outline the CPG's proposal for the Upper 9-miles of the LPRSA. "CSTAG" is a detailed technical presentation and "Mgt" contains many of the same slides but includes less technical detail.

2. The CPG is in the process of completing the updated narrative/proposal and will forward that to EPA noon on Monday, November 27 as discussed with Jennifer.

3. I plan on scheduling the EPA-CPG call for 2 PM on November 29 and will send an invitation to you. I anticipate that several members of the CPG, who have participated in our meetings, are planning to participate in that call.

Please contact me with any questions.

Most importantly, please have a Happy Thanksgiving.

Thank you,

R/
Rob
